Marine 2T DFI Motor Oil

Product price:

£66.39 tax included

Product description:

Semi-synthetic, ultra-high-performance 2-stroke motor oil specially developed for the marine sector. Specially developed to satisfy the complex requirements of the latest generation of direct injection engines. Ensures optimum lubrication even at high operating temperatures, guarantees maximum engine and piston cleanliness and low-fuming combustion.

Recommended and tested for Evinrude E-Tec and Mercury DFI 2-stroke engines. Can be used in the mixing ratios 1:30, 1:50 or 1:100. Also suitable for all other 2-stroke and DFI 2-stroke engines. For separate and mixture lubrication.

Application

As is usual for 2-stroke motor oils for mixed and separate lubrication. The mixing ratios of the individual motor manufacturers are to be observed.

Product codes:

Reference: LM25063
EAN13: -
UPC: - MPN: -

Product short description:

Semi-synthetic, ultra-high-performance 2-stroke motor oil specially developed for the marine sector. Specially developed to satisfy the complex requirements of the latest generation of direct injection engines. Ensures optimum lubrication even at high operating temperatures, guarantees

maximum engine and piston cleanliness and low-fuming combustion.

- outstanding engine cleanliness
- excellent corrosion protection
- for separate and mixture lubrication
- optimum lubrication under all operating conditions
