Aspen 4 Alkylate Fuel 1L - Counter Collection Only

Product price:

£6.50 tax included

Product description:

Aspen 4 is alkylate petrol without oil – suitable for 4-stroke engines. Ordinary petrol contains ethanol which attracts moisture and can cause engine failures. Aspen Alkylate Petrol contains no ethanol, making it ideal for use in marine environments. To minimise the environmental impact, choose a biodegradable oil.

Aspen 4 is virtually free from harmful substances such as benzene, aromatic hydrocarbons or olefins; substances that can cause serious health problems. Aspen Alkylate Petrol also keeps the spark plugs and combustion chamber of your machine cleaner.

Aspen can be stored for a long time without any deterioration in quality, which makes your engine easy to start – even after long standstill periods. There are numerous environmental benefits, such as reducing the formation of ground-level ozone (smog) by about 40%.

Product codes:

Reference: ASP-4
