Product description:

The Silvertip Boat Shoe is crafted for anglers who value performance and style, on and off deck. Its upper blends premium LWG-certified water-repellent leather with a knitted inner sock made from SEAQUAL® YARN, containing upcycled marine plastic. Aqua Sluice Gill technology enables fast drainage and reduces water retention for lasting comfort, while the footbed and mesh cover incorporate recycled materials. The outsole powered by Solum Bio Tread™ ensures multi-surface grip, with lacing to deliver a secure, stable fit in all conditions.
