Marine 2T Motor Oil

Product price:

£13.59 tax included

Product description:

High-performance 2-stroke motor oil based on selected base oils and specially formulated additives. Ensures reliable lubrication, high operational reliability and outstanding protection against wear and corrosion. For air and water-cooled 2-stroke marine engines with separate and premix lubrication systems. Self-mixing. Mixing ratio up to 1:100. Please note that the mixture ratio specified by the manufacturer must be observed.

Application

Use as normal for two-stroke oils for mixture and separate lubrication systems. Mixing ratio up to 1:100. Keep to the mixing ratios stipulated by the relevant engine manufacturer.

Product codes:

Reference: LM25019
EAN13: -

Product short description:

High-performance 2-stroke motor oil based on selected base oils and specially formulated additives. Ensures reliable lubrication, high operational reliability and outstanding protection against wear and corrosion.

- high lubrication reliability
- high wear resistance
- residue-free combustion

- self mixing
- prevents spontaneous ignition
