Product short description:

Coast’s FLX40R packs every feature you need into a well-built and superb value head torch. Firstly, four power modes take you from a comfortable reading light to an all-illuminating 700 lumens. And that beam can be focussed from spot to flood with a simple twist. Red and green lights are included too, and it’s rechargeable via USB lead supplied. The comfortable, breathable head strap is woven with reflective fibres to ensure you can be seen at night, and it grips securely onto helmets without fiddly helmet clips. IP54 water/dust resistance.
