SAS Secure Anchor Mini – Bolt Down

Product price:

£32.99 tax included

Product description:

The SAS Bolt Down Secure Anchor provides a strong and simple way to protect your trailer, motorbike, or valuable equipment. As a result, it creates a reliable deterrent that stops thieves before they even begin. You can bolt it to any solid concrete or brick surface near your parking spot.

This anchor uses multiple thick steel layers to deliver high-strength performance in all weather conditions. Since it fits SAS shackles up to 10mm thick, it works with a wide range of SAS chains and cables. When you pair the anchor with a heavy-duty SAS chain, you form a rock-solid locking system.

- Thick steel layers offer durable strength
- Fix to concrete floors, drives, or walls
- Installation kit includes 2 expansion bolts, plugs, and anti-tamper bearings
- Easy setup using supplied hex key
- Ideal for SAS 10mm D-shackle chains and cables

- Internal clearance: 45mm x 45mm

This rugged SAS Bolt Down Secure Anchor keeps your gear secure at home or on the road. With smart design and solid steel, it builds peace of mind—bolt by bolt.
